

Performance Summary Table: Resource Stewardship

The following tables show the relationship of the NPS Draft Operating Plan for FY 2004 to the DOI Draft Strategic Plan for FY 2003-2008. The tables list the End and Intermediate Outcome Measures from the DOI Draft Strategic Plan followed by the related measures from the NPS Draft Operating Plan (marked with *). At the end of the tables are additional draft NPS measures that relate to the Strategic Goal but do not match the DOI measures at this time. During 2003 the National Park Service and the Department of the Interior will work together to reconcile the goals and to establish additional baselines. The level of confidence relating NPS goal results to DOI End Outcome Measures varies in proportion to the correlation and congruence of the NPS goals to the DOI End and Intermediate Outcome Measures. These targets are expected to be revised as additional data become available to ensure accuracy of integration with Departmental measures.

Performance Summary Table: Statutory or Contractual Aid for Other Activities

The following tables show the relationship of the NPS Draft Operating Plan for FY 2004 to the DOI Draft Strategic Plan for FY 2003-2008. The tables list the End and Intermediate Outcome Measures from the DOI Draft Strategic Plan followed by the related measures from the NPS Draft Operating Plan (marked with *). At the end of the tables are additional draft NPS measures that relate to the Strategic Goal but do not match the DOI measures at this time. During 2003 the National Park Service and the Department of the Interior will work together to reconcile the goals and to establish additional baselines. The level of confidence relating NPS goal results to DOI End Outcome Measures varies in proportion to the correlation and congruence of the NPS goals to the DOI End and Intermediate Outcome Measures. These targets are expected to be revised as additional data become available to ensure accuracy of integration with Departmental measures.

The following tables show the relationship of the NPS Draft Operating Plan for FY 2004 to the DOI Draft Strategic Plan for FY 2003-2008. The tables list the End and Intermediate Outcome Measures from the DOI Draft Strategic Plan followed by the related measures from the NPS Draft Operating Plan (marked with *). At the end of the tables are additional draft NPS measures that relate to the Strategic Goal but do not match the DOI measures at this time. During 2003 the National Park Service and the Department of the Interior will work together to reconcile the goals and to establish additional baselines. The level of confidence relating NPS goal results to DOI End Outcome Measures varies in proportion to the correlation and congruence of the NPS goals to the DOI End and Intermediate Outcome Measures. These targets are expected to be revised as additional data become available to ensure accuracy of integration with Departmental measures.
